AFL-CIO

Governor Jennifer Granholm has unveiled her agenda to reduce the structural budget deficit. AFT Michigan doesn't question the Governor's commitment to education and her respect for the women and men who work to educate our children and adults, but we believe her proposals do not solve the financial problems facing this state and undercut the very sector – education – that will have the biggest impact on Michigan's future.

Call Governor Granholm today and tell her:

- **Creating a two-tiered retirement system is unacceptable.**
- **Paying 3% more into the retirement plan is unacceptable.**
- **The elimination of retiree dental and vision coverage is unacceptable.**
- **We don't have to cut our way out of this budget deficit, we need a tax system that is adequate, stable, broad-based and progressive.**

Governor Jennifer Granholm

(517) 373-3400

(517) 335-6863 fax

(313) 456-0010 Detroit Office

(906) 228-2850 Marquette Office
