2007 - 2008 IDEA, Part B, Mandated Activities Projects

This is a federal grant program is authorized by the IDEA of 2004 to provide assistance and support to the Office of Special Education and Early Intervention Services in conducting the regulatory and administrative activities required under IDEA 2004; provide a web-based system that will provide to local districts a data manager to track required students involvement in special education programs and services; provide statewide mediation and transition services; provide direct services to students and their providers regarding assistive technology; provide information and technical assistance; and provide a statewide system of support and information for parents and families.

Integrated Behavior and Learning Support

Recipient	Amount Recommended
Macomb ISD	\$3,150,000

This grantee is recommended to directly receive \$3,150,000 to provide a statewide system of information, technical assistance, training, and support to assist schools in the development and implementation of school-wide research-based strategies for early identification and intervention of students at-risk for behavioral and academic failure. In addition, awareness and dissemination for school-wide approaches to positive behavior support is a continuous need across the state. While some schools have effectively implemented strategies for positive behavior support, as well as problem-solving teams for academic interventions, many others including those identified as high priority, remain in need of assistance. This will help achieve the Michigan State Board of Education Strategic Goal to attain substantial and meaningful improvement in academic achievement for all students/children with primary emphasis on high priority schools and students. This project was competitively bid for the 2002-2003 fiscal year. This is the sixth year of a six-year grant.

2007 - 2008 IDEA, Part C Infants and Toddlers Program
