

Union Lyrics to Aretha Franklins "RESPECT"
These are lyrics sang at the Coalition Rally 8/24/2009

"RESPECT"

Verse:

What they want – the union has got it
What children need – the union's got it
What we're demanding - is just a little respect in our contract
In our contract – just a little bit, just a little bit

Verse:

Everyday we give you – our devotion
But we're not happy with
What you're proposing
We're demanding - just a little respect in our contract
In our contract- just a little bit, just a little bit

Verse:

So - many concessions – it ain't funny
And now we're warning
Keep your hands off our money
All I want you to do for me, is give me respect in my contract
In our contract

Change:

R-E-S-P-E-C-T
Negotiate with us fairly

R-E-S-P-E-C-T
Take care of union needs – Oh - in our contract

Just a, just a, just a, just a, just a, just a, just a little RESPECT – just a little bit
